

FORMULA
357

ULTRASONIC
CLEANER

Biodegradable
Superior Cleaning & Foaming Properties
Highly Concentrated

PRODUCT DESCRIPTION:

Sentinel 357 Ultrasonic Cleaner is a professional strength biodegradable cleaner/degreaser developed to remove heavy soils, soot and odors. Sentinel 357 is designed for use in soak tanks or ultrasonic cleaning systems.

IMPORTANT PROPERTIES:

- Unique surfactant combination that provides for superior soil wetting.
- Great foaming properties for lifting and floating free soil residues away from the substrate.
- Versatile, effective on a wide range of surfaces to be cleaned.
- Effective, will remove soot, grease, oils and most organic soils.
- Compatible, works in all Ultrasonic Cleaning Systems
- Safe on all metal substrates

USAGE GUIDELINES:

Read directions and MSDS prior to use. Avoid breathing or getting overspray into eyes, nose or mouth.

PRODUCT USAGE:

- Operating Temperature- Room temperature to 180
- Cleaning Time - Determined by the quantity and nature of the soil.
- Degassing - It is important for the cleaning solution to degas at the selected operating temperature for at least 10- minutes prior to placing objects into the cleaning solution.
- Rinsing - Remove the cleaning solution by rinsing with water prior to drying.

PRODUCT DILUTIONS:

- Extreme Soils - Use at 8 to 12 ounces per gallon of water
- Moderate Soils - Use at 4 to 6 ounces per gallon of water
- Light Soils - Use at 1 to 3 ounces per gallon of water
