

Fosters 40-80 HVAC & Wall Disinfectant Part# 40-80

Foster® 40-80™ Disinfectant is a convenient, ready-to-use formulation that is effective against a broad spectrum of bacteria used to disinfect washable, non-porous, hard surfaces found in homes, schools, restaurants, hospitals and other institutional and industrial facilities, such as food processing plants.

Foster 40-80 Disinfectant is also EPA registered to be effective against odor-causing bacteria and fungi when used in water damage restoration situations on porous and semi-porous surfaces.

PRODUCT FEATURES

- Ready-to-use formula provides added convenience.
- Cleans and removes residual mold and mildew.
- For home, hospital, institutional and industrial use.
- Easy to apply with wipe, cloth, mop, sponge or spray.
