

## Benefect Decon 30 PART # 50476

Decon 30 is the latest evolution in authentically botanical antimicrobial technology from the creators of Benefect Disinfectant. Decon 30 utilizes our same proprietary Thyme Oil Active Ingredient which revolutionized the antimicrobial industry, but features a unique, Optimized Dynamic Chemistry (ODC) surfactant system that boosts cleaning performance while still achieving hospital level disinfection - all with 75% less thyme oil! As a result Decon 30 has a very light, fast-dissipating fragrance. This ODC system also improves penetration into porous surfaces like carpet or wood and enhances mould killing and mildew prevention!

**Fast & Effective Decontamination**

Decon 30 also cleans and sanitizes in just 30 seconds, making it ideal for general janitorial cleaning applications and for fast decontamination of equipment, PPE and even vertical surfaces like wood studs or concrete walls. Now contractors can save time and money by using Decon 30 to clean and disinfect in one easy step!

Safely and effectively tackle more jobs with the comfort and confidence that comes from using Benefect products.

Ideal for: Janitorial or commercial cleaning, carpet decontamination, contents cleaning, water damage, mould remediation.

### PRODUCT FEATURES

- Kills 99.99% of bacteria in 30 Seconds
- One-Step Cleaner -Disinfectant
