

3M N95 Particulate Respirator 8210 N95 Part # 8210

The 3M Particulate Respirator 8210 N95 is the classic disposable N95 particulate respirator designed to help provide comfortable, reliable worker respiratory protection against certain non-oil based particles.

The lightweight, disposable N95 particulate respirator is designed to help provide quality, reliable worker respiratory protection. 3M uses a variety of innovative features to help you meet your respiratory protection and comfort needs. The respirator incorporates 3M's proprietary technology with advanced electrostatically charged microfiber filter media. Its adjustable noseclip and cushioning nose foam help provide a custom fit with secure seal and reduces potential for eyewear fogging. These comfort features, along with the welded strap attachment and lightweight construction promote greater worker acceptance and may help increase wear time.
