

VIPER 7

Neutral Cleaner/Rinse

VIPER 7

VIPER 7 is a neutral cleaner for man-made ceramic, porcelain and quarry tile. Use it for maintenance cleaning and as a neutral rinse after deep cleaning. Viper 7 has excellent degreasing qualities for a neutral cleaner.

- Rinse moves grout toward a neutral state, improving bonding and performance of grout sealers.
- Assists emulsification and removal of soils and residue.
- Dissolves and emulsifies dirt and holds in suspension
- Neutralizes alkaline and acid residues from other cleaners
- Designed for stone, grout, terrazo, ceramic, porcelain, quarry, resilient, and vinyl composition tile
- Excellent neutral maintenance cleaner

Part Number: CH45GL | RTU ph - 7.0 - 8.0 | Contents: One U.S. Gallon (3.79 Litres) | Available in Gallons and 4 x 1 gallon cases

DIRECTIONS

Pretest in an inconspicuous area for surface compatibility.

Use as extraction rinse following cleaning with Viper 2 and Viper 11: Dilute 1 oz./gallon with hot water for portable units. Mix concentrate in a truckmount unit at one quart per 5 gallons of water. Meter as usual.

Damp Mopping: 2 oz./gallon hot water.
