Zone Perfect

Ultra-Concentrated Carpet Prespray

Zone Perfect

Zone Perfect is one of our best-selling, and most robust presprays. And, the pH is low enough that it's safe for protected nylon carpets. This Bridgepoint Systems prespray uses a special blend of surfactants, and is packed with soil-busting, grease-cutting ingredients. At the standard dilution rate of 1:32, Zone Perfect melts greasy soils like nothing else. On lightly soiled carpets, you can even dilute as much as 1:48 and it's still very effective, while being one of the most affordable presprays you can buy!

- The perfect prespray for all types of synthetic carpets especially nylon.
- Soil-blasting, grease cutting ingredients with an unbeatable cleaning punch that out-cleans competitive products.

Part Number:
CC02GL

RTU pH
9.5

Dilution Ratio:
4 oz. / gal.

Contents:
One U.S. Gallon (3.79 Litres)

Available in:
Gallons and 4 x 1 gallon cases

DIRECTIONS

Shake well before using. To be used as a prespray for soiled carpets. Product should be extracted after use. It can be used on all synthetic carpets, including 5th generation nylon. Zone Perfect is designed for use in the Hydro-Force sprayer and other types of pump sprayers.

For use with Hydro-Force Sprayer:

Dilute 1 part Zone Perfect to 1 part water in the 5 quart container. Set the sprayer at a 1 to 16 dilution. For use with regular 1-8 Hydro-Force, dilute 1 part Zone Perfect to 3 parts water. Do not allow carpet to dry before extraction.

For use with Pump/Electric Sprayers:

Dilute 4 oz. Zone Perfect to 1 gallon hot water (1 to 32). For exceptionally heavy soil, dilute 6 ounces per gallon (1-24). Spray until carpet is damp. Extract with your normal process. Do not allow carpet to dry before extraction.
