

BC CSA Z1220-17 Version

BC CSA REGULATION FIRST AID KIT CATALOGUE

WorkSafeBC has announced they are moving to a new first aid kit and training standard effective November 1, 2024. The kit contents will be a hybrid of the CSA Z1220-17, but WorkSafeBC are adding some additional PPE that are not included in the CSA Z1220-17 standard. These include safety glasses or faceshields and medical masks. The following link will take you to the WorkSafeBC website:

[https://www.worksafebc.com/en/law-policy/occupational-health-safety/searchable-ohs-regulation/ohs-regulation/part-03-rights-and-responsibilities#Schedule3A.](https://www.worksafebc.com/en/law-policy/occupational-health-safety/searchable-ohs-regulation/ohs-regulation/part-03-rights-and-responsibilities#Schedule3A)

WorkSafeBC will accept first aid kits to the new standard effective immediately.

It is important to understand that a regular CSA First Aid Kit cannot be sold in British Columbia as of September 30th, 2024, due to the differences in componentry between CSA Z1220-17 First Aid Kits and the new Regulations which British Columbia CSA variation is adopting.
