

BMS-220ADB

RIDE-ON STRIPPER

Main Assets

- Fast and easy removal of all kinds of flooring materials.
- Very compact, fits through standard doors and elevators.
- Zero turn radius, ergonomic design for safe and easy maneuvering, non-marking high speed types.
- Very versatile, total freedom of movement, no electric cable.
- Complete hydraulic control (forward and backward).
- Powered by high-duty batteries, running time up to 10 hours.
- Minimum average life on batteries is 2.5 years.
- Very high output compared to manual material removal.
- Fast return on investment: maintenance-free hydraulic components, no belt and gear.
- Standard arm rests on chair for ergonomic work position.
- All electrical components in a IP66 closed box for safe work.

OPTIONS / ACCESSORIES

Different blades	On Request
Personal safety features	On request / See manual
