

BMG-300

SINGLE HEAD GRINDER

Design Features

- Lightweight easy to mobilize
- Single head grinder
- Dust free operation
- 12" Grinding pass
- Available in single phase or three phase motors
- Can use all tooling to match polishing steps
- Coating removal /Preparation/ Polishing
- Articulating head for both right and left edge grinding
- Variable speed Control
- Simple Adaptor Plate for Tooling Dust
- Free with BDC-122, BDC-1330 or BDC1216

TECHNICAL DATA

Grinding Path	12"
Production	400 Sq FT/hour
Power	3hp/5hp
Voltage	220v 1ø, 60hz / 230v - 460v 3ø, 60hz
Amperage 120v	30 Amp
Power Cord	25'
Tooling Speed	150-1480 rpm
Dimensions L / W / H	21"L / 37.5"W / 52.5" H
Dust Hose Connection	2" Hose
Weight	217 lbs.
