

# GUARDIAN

Slide-In Truckmount

## Designed for Professional Results

- **CARPET CLEANING**
- **UPHOLSTERY CLEANING**
- **HARD SURFACE CLEANING**
- **POWER WASHING**
- **FLOOD RESTORATION**

## Engineered for Performance

### THE GUTS

- Engine - 32.5 HP Liquid Cooled Kubota
- Vacuum Blower - Tuthill Tri-Lobe 4007: 400+ CFM
- Pump - Cat 3CP / clutch activate: 100 to 2000 PSI
- Chemical System - Last Step Injection
- Ignition - Keyless Electronic Ignition
- Panels - Removable Top and Side Panels
- Waste Tank - 90 Gallon
- Frame - Tubular Powder Coated
- Multi Stage Heating System
- Dual Belt System
- Pre-wired and Pre-Plumbed for APO adaptation

### THE GLORY

- Delivers consistent power to components, fuel efficiency, reliability and versatility
- Superior airflow for strong water recovery, even with long hose runs, quiet, dual wand capable
- Capable of multiple cleaning applications, clutch activated extends pump life
- No chemical buildup in the pump or heat exchangers, consistent accurate chemical mixing, time saving
- Faster, easier operation
- For quick routine maintenance & maximum airflow
- Allows long clean times between dumping, constructed from powder coated marine grade aluminum
- Corrosion, chemical & scratch resistant
- Featuring an electronic heat diverter so no hot water is wasted, providing steady high heat at the wand
- Extends belt life, provides smooth consistent power transfer
- Add on optional accessories with ease
