

# Clean Anywhere with Gekko

## 6 Tools In One

The Gekko family of hard surface tools covers all of your tile and grout cleaning needs. You can pair the Gekko Wand with any of six different cleaning heads to provide maximum cleaning flexibility.

- Gekko SX-15
- Gekko SX-7
- Gekko 4" Head
- Gekko 14" Squeegee Head
- Gekko 14" Brush Head
- Gekko Corner & Coving Tool

The Gekko tools clean where others can't: corners, edges, shower walls, countertops and even under toe kicks. It can be used with any truckmount or high-pressure portable extractor to give outstanding results on tile, grout, concrete and stone jobs.

The quality and versatility of the Gekko family makes it the obvious choice for cleaning professionals who routinely clean stone, tile and grout surfaces.

## GEKKO WAND

The 1.5" Gekko wand is the heart of the Gekko system. This wand attaches to any of the Gekko or SX-7 tools using a threaded collar.

## SX-7

The new design for the SX-7 expands on the versatility of the original by combining two tools into one. Instead of needing a tool for cleaning countertops and showers, and then another for cleaning floors, the SX-7 combines both a hand-held and an upright tool into one. The SX-7's teardrop shape and front jet allows it to clean closer to walls and corners than any other tool on the market.

## 4" GEKKO HEAD

The single 1502 jet makes this a must for scouring stubborn grout lines and tight spots.

## GEKKO SX-15 HEAD

The new Gekko SX-15 attaches an SX-15 head to a Gekko wand to create an even thinner profile for this tile cleaning monster. The Gekko SX-15 was created after numerous requests for a wand-style set up for the SX-15.

## 4" GEKKO HAND TOOL

This hand-held version of the AR51D is used for cleaning walls, countertops or other detail work.

## 14" GEKKO SQUEEGEE HEAD

The squeegee head is ideal for surfaces that need maximum water removal. Order AR51V Wet Vacuum Tool to get a head without the jets for flood extraction.

## 14" GEKKO BRUSH HEAD

The brush head is ideal for surfaces that need extra brush agitation. The spray bar has been removed and the jets screw directly into the head, eliminating poor performance caused by clogged openings and reducing maintenance expenses.

## 4" GEKKO EDGE, CORNER AND COVING HEAD

Cleans corners, edges and coving with one easy stroke. The included coving cover allows the user to clean just the edges if desired.
