

K-025

WASH AND SHINE

LEAVES SURFACES BRIGHT AND SHINY WITHOUT ANY STREAKING

GENTLE AND FOAMY

NONYLPHENOLS FREE / PHOSPHATES FREE

K-025 is an exceptional product for all shiny surfaces. After cleaning you will find every surface more brilliant and incredibly bright. **K-025** is so soft that it can be safely used on all types of surfaces. Not aggressive, it will remove spots, finger prints, soap residues, sand, dust and all usual dirt. It will give everything a beautiful clear and shiny look without polishing. **K-025** is incredible on painted surfaces(cars), kitchen accessories, chrome, bathrooms, ceramics, windows, stainless steel, glassware, chinaware... Super-concentrated, **K-025** is economical, you will have to use so little to do so much.

When car cleaning, make sure the metal is cold. **K-025** is very gentle. It can be used to dampen any article spotted (blood, ball point pen, lipstick...). Just use the product undiluted, let work for ten minutes and then wash as usual.

TECHNICAL DATA

For car cleaning, use 1oz per gallon. For vinyl tops, you can use up to a maximum of 3oz per gallon.

Use a sponge or terrycloth, wash the article or surface, rinse in the same water, squeeze the cloth and wipe.
