

# Institutional Garbage Bags 2700 Series

2700 Series Recycled Black garbage bags are made of hexene resin blended with a high percentage of recycled post-industrial and post-consumer resin. These bags are similar to our 2500 Series Premium line but slightly thinner with less plastic. They provide higher strength, tear and puncture resistance properties than our 2600 Series.

## Features & Benefits

- 2700 Series is our strongest pure recycled line of black garbage bags
- Similar strength to our 2500 series but with thinner walls using less plastic making these the eco-friendlier option
- Certified not to leak, tear, or puncture easily
- UL Ecologo® Certified - UL-126 Garbage Bags
- These bags qualify for Leed Canada/U.S. EPA Certification Credit based on Comprehensive Procurement Guidelines for Janitorial Paper and Plastic Trash Can Liners - EQ Credit 3.3
- Manufactured from a blend of virgin and high percentage of post-industrial and post-consumer recycled resin
- Stock sizes fit most containers - custom sizes available
- Perforated tabs on the side for individual bag dispensing
- 100% satisfaction guaranteed
