

North Rubber Boots CSA Steel/Toe Plate Size 11 Part# RB1-11

Glass, metal or other sharp materials can compromise foot protection. Footwear with built-in exible steel midsoles provides extra protection underfoot, minimizing accidental punctures. This intelligent design reduces unnecessary risk and extends the life of the footwear. Constructed with a steel midsole. Steel toe and steel midsole meets ASTM F2413-05 and CAN/CSA Z195-02 Grade 1. Self-cleaning outsole design.

PRODUCT FEATURES:
