

Advancing Restoration

Revolution™ LGR Dehumidifier

Rethinking the portable dehumidifier

The Revolution packs state-of-the-art LGR technology into the most compact design ever achieved for the restorative drying industry. Stackable and easy to transport, the Revolution's space-saving design lets restorers pack more drying power into their trucks, saving extra trips and boosting profitability.

Built for the tough environments found in water damage restoration and construction, the Revo features Dri-Eaz' legendary rugged rotomolded housing and durable made-in USA construction. Rethink restoration with Dri-Eaz!

Product Features

- Best low-grain performance in its class
- The smallest, lightest Xactimate "Large" category dehu ever – more water removal than other units 2–3 times its size!
- Delivers "Large" dehu performance yet fits where others don't – crawlspaces, bathrooms, kitchens, etc.
- Control panel displays inlet and outlet temp and RH in real time
- Secure, compact stacking – transport multiple units on a handtruck
- Fastest access for cleaning and maintenance
- Fit more drying in the truck, make fewer trips – make more profit!

Item #F413-115V

Product Specifications

Model	Revolution LGR Dehumidifier Model F413-115V
Dimensions (W × H × D)	12.5 × 17.6 × 21.5 in. 31.8 × 44.7 × 54.6 cm
Weight (w/cord & hose)	65 lbs. 29.5 kg
Water removal	80 pts./day 38 L/day at 80°F/60% RH (AHAM) 139 pts./day 66 L/day at 90°F/90% RH
Amps	6.2 amps at 80°F/60% RH
Power	115V / 60Hz
Air movement	121–180 CFM 206–306 CMH
Operating temperature range	33–100°F 1–38°C
Safety	ETL listed to CSA standards
