

Automatic Waste Pump-Out System

Save time on jobs with this fast-flow automatic pump-out (APO) system. No need to take time to stop and drain your waste tank, and its impeller pump requires less maintenance with no diaphragm to get easily clogged. The float-activated system automatically pumps waste water into any suitable drain connected to sanitary sewer for true continuous cleaning.

FEATURES

- Superior impeller pump requires less maintenance.
- Reliable 1 HP, 12v DC motor outperforms other APOs.
- Saves time - no need to stop the job to empty the waste tank.
