

KEY FEATURES

- All-in-one construction produces exceptional strength and prevents boom from twisting
- End rings and snap hooks make deployment of the desired length fast and easy
- Can stretch without failing
- Resist snagging on debris
- Outer polyester net is more UV resistant than polypropylene skins
- Contain a proprietary additive to increase absorbency and help keep booms afloat even when they are fully saturated
- Made with high recycled content

MARINE BOOMS White Oil-only. 4WBOOM510

DESCRIPTION

- Flexible tubes filled with highly-absorbent material
- All-in-one construction stitches the sock and net together and aligns the rope along one side
- Absorb petroleum-based liquids but resist water
- Contain a high-performance blend of chopped polypropylene and ColdForm2™ cellulose fibers (fill color may vary)
- A strong rope runs along the length with rust-proof end rings and snap hooks to make deployment faster and easier

PRODUCT SPECIFICATIONS

Size	8" x 10'
Absorbent Capacity	26 gal of oil
Booms bale	4 booms
Material	Polypropylene/Cellulose
Colour	White
Weight	22 lbs.
Fire retardant as per ASTM 726.
