

H4GVC HEPA Vacuum

With a 1.5 HP 2 stage motor, the H4GVC is the latest addition to the Cyclone line. This compact 4 gallon vacuum has the strength and durability to get the job done, while also providing the convenience of tool storage right on the sleek stainless steel canister tank.

The H4GVC comes complete with a 6' crushproof hose and telescopic wand in addition to upholstery, dusting, floor and crevice tools.

- ▶ **Utilizes a HEPA filter, individually tested and certified at 99.99% at .3 microns along with a 4 gallon disposable paper filter bag.**
- ▶ Convenient 25' power cord provides excellent portable range, extending an additional 14' when connected to optional electric power brush head.
- ▶ Motor delivers 97" of Water Lift and 100 CFM while utilizing less than 12 amps.
- ▶ Optional power head plugs directly into port on the base of the machine.
- ▶ Sleek 18 lb. body with 2 rear wheels and a pivoting 3rd front wheel provide the flexibility and stability that professionals demand along with the filtration required to meet today's regulatory standards.
