

Total Zone TZ-2 Ozone Generator Part# TZ-2

Total Ozone Generators are the most modern, technically advanced systems on the market today. Total Ozone uses a patented corona discharge technology known as "SP-ARC", silicate polarized Arc. This new process allows the Total Ozone Generator to produce much higher levels of ozone than any competitive model with little or no maintenance.

PRODUCT FEATURES

- All stainless steel fasteners
- 100 CFM Fan with ball bearings
- 40 X 40 Mesh Washable stainless steel intake filter
- 8' 16/3 Grounded power cord

PRODUCT SPECIFICATIONS

Size	12 1/4" X 9" X 6"
Weight	7 lbs. 9 oz.
Fan	100 CFM
Volts/amps	110 / 1
