

ZipWall® Standard Zip Door Kit Single Usage Part# ZDS

The new Standard Zip Door Kit ZDS kit is a great way to create a dust barrier when all you need to seal is the doorway. One person can install it in under a minute. You'll save hours on jobs with lots of doors like commercial office space, hotels, hospitals, and more. The savings can really add up. It's also great for residential jobs like kitchen and bath remodeling, or where renovation will disturb lead paint. The Standard Zip Door Kit ZDS makes it easy to meet the EPA's RRP requirement for a covered doorway.
