Extech 3 in 1 Humity, Temp And Airflow Meter Part # 45160

Extech Instruments is an international supplier of hand-held test and measurement equipment for industrial applications: calibrators, clamp, DMMs, power and temperature meters.

3-in-1 Humidity, Temperature and Airflow Meter

Ergonomic pocket size housing, large dual LCD

- Simultaneously displays Temperature and Air Velocity or Relative Humidity
- Type K input socket for high temperature measurements to 2372°F (1300°C) using optional (TP870) Type K thermocouple
- Min/Max, Data hold, Auto power off with disable feature
- Built-in low friction vane wheel improves air velocity accuracy
- Thin-film capacitance humidity sensor for fast response
