

Extech DT300 Laser Distance Meter Part # DT300

The Extech DT300 laser distance meter measures from 2 inches to 164 feet with accuracy to 0.06 inches. The meter automatically calculates area and volume. Indirect measurements can be derived using the Pythagorean theorem function.

Extech DT300 laser distance meters can store and recall 20 data records, either measured or calculated results. Other features include a continuous measurement function with Min/Max distance tracking updates every 0.5 seconds, addition/subtraction, low battery indicator, double molded housing (IP54) and auto power off.

The Extech DT300 ships complete with carrying case and (2) AAA batteries.

PRODUCT FEATURES

- Measurement range: 2" to 164' (0.5 to 50m)
- Accuracy: $\pm 0.06"$
- Resolution: 0.001"
- Power Supply: (2) AAA batteries
- Area and volume calculation
- Auto power off

PRODUCT SPECIFICATIONS

Range	2" to 164'
Resolution	0.001"
Length Add Calculations	99' 11"
Area Calculation	999.99 sq. ft.
Power Supply	2 AAA Batteries
Weight	5.30 oz
